SIX PAGES.

The primary is on. Now let the candidates take to the woods and battle for votes. Let each one make his own race, on his own individual merits, and let the voters be the judges as to his qualifications and his ability to "get there" in November. What Democracy needs in this primary, is harmony. We don't want any wrangles among ourselves. We don't want any stump speeches. We'll take them after the primary. We want all our hot shot reserved for the enemy. It will take every pound we have to spare to pull us through in November, so in the language of the Chairman of the late Republican Convention, we say to those fellows who want to air themselves, "sit down, sit down—won't you please sit down?" Never before was the Democracy of Breckinridge so enthused and harmonious as it is at the present time, and we want to preserve that harmony. We must waste no strength against each other. There is not a Democrat offering for office but that is a good man and one that the party can look upon with pride as a standard bearer. Let the primary be a peaceable and quiet one, and danned be the man that goes to indulging in dirty, nasty, stinking mud-slinging. The people are tired of such base politics, and they will not countenance it in this Democratic race. We are sure to have a good ticket, regardless of who the nominees may be. The party is alive to its interests, and there is an anxious desire ranking in every Democratic heart to wipe off the stain of disgrace that we so indiscreetly smeared all over ourselves last fall. The News is for the success of Democracy, not the welfare of individuals, and it hopes and believes that every level-headed Democrat in Breckinridge county will sustain it in this position. Let us all dwell together harmoniously, and swipe up the earth with our friends, the enemy, next November. All this Republican blow and bluster does not discourage us. We have heard the owls hoot and the night-hawks squeak in the forests of Breckinridge before, and we are not scared now. Unsheathe your swords, Democrats, and to the front!

We are in receipt of a copy of the Housington County News, published at Erin, Tenn. Mr. A. T. Dogger, formerly of this office, is one of the publishers and business manager. It is a neat, new little sheet.

It speaks well for the morals of Breckinridge county that her Circuit Courts are getting to be very small affairs.

The Hardin Independent says that ex-Commonwealth's Attorney, Wm. R. Haynes, says that he is a candidate for Congress.

The man who boasts of his Jeffersonian democracy, is usually a proponent of the sham article. Jeffersonian democracy always shows for itself. It will cut glass and stand any acid test.

The tone of the Republican press plainly indicates that professional Republican politicians are fearful that there will be a general revival of business and good times soon.

The Breckinridge News is spreading its wings and soaring into new territory. Everywhere it goes it is received with open arms, and words of good cheer and encouragement reach us every day.

Since the Wilson tariff bill has passed the House and has a prospect of speedily going through the Senate, its beneficial effects are shown by a general revival of business all over the country. When it becomes a law and the infamous McKinley law is blotted from the records, as has so disgraced, then will the people realize that "protection" is a cheat and a snare, and the clamor will be for a still further reduction.

More than 200 new subscriptions for the News have been received since the first of January, 1894, and they still continue to come every day. We propose to pass the 3,000 notch before many months, if attention to business can do it. Let our friends speak a good word for us. The more subscribers the better able we are to make a good paper, and our patrons shall receive the benefit of the increased circulation.

The Hardin Independent is authority for saying that Hon. D. H. Smith, of LaRue county, is not positively out of the Congressional race in this district, and the same paper intimates that if he receives the proper encouragement, he will announce himself at the proper time. This thing of "proper encouragement" deters a great many men from announcing themselves as candidates for office.

VOLUME I, number 1, of the Breckinridge County Democrat, published at Harpersburg, edited by Philip Heck, has reached this office. It makes a favorable appearance on short acquaintance, and we welcome it in the field. The truths of Democracy grow not the less sweet by the more tongues proclaiming their praise. We extend the right hand of fellowship to the Breckinridge County Democrat, and wish it and its editor a long and prosperous life.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, price 75c per bottle.

TOBINSPOUT.

Weather disagreeable. Meeting in progress at the Baptist church.

Mrs. Vina Rogers is still visiting in Cloverport.

The recent cold snaps and heavy rains are making the wheat crop look a little bad just now.

Geo. Ryan, Jr., will start for Illinois in a few days where he expects to stay during the summer months.

The Prohibitionists of Perry county met in convention at Carey's school house last Saturday and put a full ticket in the field.

The Artman murder certainly is the most inhuman that has ever blackened the pages of the criminal history of Perry county.

Elder Wm. H. Bruner, of Chambers, Ky., who is assisting R. T. Bruner in a meeting here is very much belied by all who hear him.

Your correspondent has been away from home for some time and so is not prepared to gather all the items that might be of interest to your readers.

The Republican primary election will be held next Saturday instead of the 28th as stated some time since. There is no prize offered for the "lucky" guess as to who will get there. Too many to even make a guess.

Mr. Albert Favorite, of Arkansas City, Kan., wishes to give our readers the benefit of his experience with colds. He says "I contracted a cold early last spring that settled on my lungs, and had hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had used Chamberlain's Cough Remedy some fourteen years ago with much success, and concluded to try it again. When I had got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others, and all speak well of it." 50 cent bottles for sale by A. R. Fisher, Cloverport and Kincheloe & Meador, Harpersburg.

Many Persons Are taken down with fever or household cases Brown's Iron Bitters rebuilds the system, aids digestion, removes excess of bile, and cures malaria. Get the genuine.

Weed S. Chelf returned to Elizabethtown last Saturday. There was but little business in this Court for the Commonwealth.

Mr. Waller Wilson has withdrawn from the race for surveyor. He is a good Democrat and would have made a good race.

Now comes Watt Hardin for Governor. Well Watt just wait until we do up the boys here in this home fight and we are still for you.

Mr. Will Jolly and Miss Acra Pate were married in this place last Thursday at the residence of the bride's father, Mr. Logan Pate.

Mr. George Hook has improved considerably since he returned from Mooleville where he was under the treatment of Mr. Mitchell.

The trustees met last week and adopted a new set of by laws and ordinances. They will be printed at once by the News Book Printing Company.

Hugh Kingston made application last week for license to practice law. He stood a good examination and would have been admitted to practice but for the fact that he is under twenty-one years of age. A late law requires all applicants to be twenty-one years of age.

A number of the jurymen were disappointed last Saturday when they went to the Trustee of the Jury Fund to draw their pay and were told that there was no money on hand to pay them. Under the new law the Trustee must draw his warrant on the State Treasurer at Frankfort for the money and then pay it out.

Mr. Richard May, of this city, has been to California three times. But his trips were made before the days of railroads, and at a time when such a trip was a considerable undertaking and when it required a great deal of money to make it. Mr. May went to New York, and thence on ship board by the way of the Isthmus of Panama. He spent ten years of his life in California during his young days and at a time when the gold fever there was at its highest pitch.

Notwithstanding the wretched weather of last week the hotels here were all crowded and did a good business. On the day of the Republican convention the boys drank more than they ate. At least that was the appearance of some of them. And speaking of that Republican convention, reminds me that Mr. Taylor Beard and Jesse Ekridge, attribute their defeat to the bad day. Had the day been favorable both are confident that they would have played a winning hand.

NOTES.

Hal Murray was granted a license to practice law.

Mr. Richard McGary was appointed an examiner of the Court.

Judge John Allen Murray was continued Receiver of the Breckinridge County until March 1st.

The grand jury adjourned last Saturday.

The jurymen had an easy time this Court. They didn't try but few cases. Most of their time was taken up in cracking jokes and geying the candidates.

George Washington Randolph will remain in jail until May. His case was not ready and he banks on paying his bond before another court, and skip out on the hunt of another farm.

Many parties who came to court are of the opinion that there is no need of three terms a year. The business doesn't justify over two.

The jury for the May term will be selected under the new law. The Commissioners brought in the drum containing five hundred names, the first time the Court draws the name of a man living in Mooleville and the Sheriff has to ride for him he'll cuss.

Mr. E. D. Guffey, of Hartford, Ky. was here a few days last week attending court.

The Criminal docket was run through within two days and but few fines were assessed. It speaks well for the county, but it's a little tough on the Commonwealth's Attorney.

County Clerk John E. Monarch made his report to Court of public money received since the last term amounting to \$1102.47.

Mr. J. D. Beeler filed a petition in the circuit court last week against Taylor Beard asking for a settlement of the partnership business of the firm of Beard & Beeler. Mr. Beeler charges that the firm's business had been badly managed and asked the appointment of a receiver.

Mr. and Mrs. George Casperke were in Louisville last week to attend the wedding of a relative.

I hear our young friend, Miss Maggie Green, has a position in the Louisville post office. We are glad.

The lover's Saint was not abroad as largely as formerly. The little foxes exulted in a few comic reminders.

Mr. J. L. Mallis is in Louisville receiving instructions in the gauger's line and expects an appointment shortly.

I have a kind invitation from Miss Ella Haynes to attend a concert on Friday night at Oak Grove school house.

Bro. Cherry has been conducting a meeting at Muldraugh, but filled his pulpit here last Sunday and preached one of his characteristic, original sermons.

Our young friend, Robt. Moreman, is at home for a stay. Bob can bring out as sweet strains from his light guitar as the Muse in "Lady of the Lake." (I imagine,) and his voice is a genuine baritone.

The Ladies' Aid decided on chairs for the M. E. church. The church is rapidly nearing completion and the congregation will soon be at home in their pretty edifice.

The Democratic primary will be held April 7th. It will be a genuine Democratic fight from first to finish. The candidates are men of high standing, and their many friends will watch the result with much interest. Unless a Republican is brought out the picnic will lose favor.

Mr. John Swan and Miss Clara Hunt, of Woodland, will be married the 20th. Miss Clara is well-known here in social circles, having often visited her aunts, Mrs. James Bland and Mrs. Dr. Wells.

She is a pretty, attractive, young lady, and when I was in Garrett was one of my favorite pupils. Her choice is a most worthy young man, and deserves his good fortune.

We feel constrained to congratulate our successful candidates of this community. And to look with a pitying eye on our more unfortunate brethren. Their time will come by and bye.

Jas. E. Hiner was found in the crib Monday morning unable to move or speak. His right side is thought to be paralyzed. His condition is more serious on account of his age and feebleness.

Seems like somebody (be it he or she) in the News office is getting awfully cute. [Yes, the whole office is full of cuteness. We had to move out a couple of presses and some case cabinets a few days ago to make room for it—wheew!—Ed.]

James Owen Cunningham, Jr., new deputy Clerk, arrived at J. Owen Cunningham Sr.'s, Friday February 16th at 1 o'clock a. m. First boy, consequently the Prof and County Clerk walketh as one asphy, and looketh as one in peace.

We hear of the marriage of W. Huston Stiles, son of Rev. S. P. Stiles, of Long Grove, Ky., which occurred the first of this month, to a young lady, an unknown correspondent, of Clarksville, Tenn., whom he had met but the once. Quite a little romance for the dull times of a country village. The groom being a late and former resident of this place, we wish him all sorts of happiness, sunshine etc.
